

**DEISS**

A SUND GROUP COMPANY

# DEISS MEANS: STRONG PERFORMANCE FOR THE ENVIRONMENT.

[www.deiss.eu](http://www.deiss.eu)

# DEISS MEANS: A SMALL FOOTPRINT FOR FUTURE GENERATIONS.

## INNOVATIVE, SUSTAINABLE AND HIGH-PERFORMING.

Our PREMIUM PLUS garbage bags not only stand for exceptional quality and reliability, but also set new standards in terms of environmental protection and sustainability.

## THE PRINCIPLE OF HIGH-PERFORMANCE POLYMERS: LESS IS MORE.

By using advanced high-performance polymers, we can reduce the wall thickness of our PREMIUM PLUS garbage bags while maintaining the same high quality. This reduces CO<sub>2</sub> emissions – as confirmed and certified by the renowned cyclos-HTP institute. Our PREMIUM PLUS garbage bags are not only a good solution for the environment: their extreme tear and puncture resistance, as well as the innovative Easy Opener and Flash Banderole, make them an excellent choice for professional users.

## LOCALLY PRODUCED WITH A GLOBAL IMPACT: MADE IN GERMANY WITH 100% GREEN ENERGY.

PREMIUM PLUS garbage bags are produced in Germany. This guarantees short delivery routes, faster availability and also strengthens the reliability of our supply chains. The exclusive use of 100% green electricity and the short transport routes protect the environment and ensure an optimal CO<sub>2</sub> balance.

## RECYCLING AT THE HIGHEST LEVEL: MADE FROM 93% RECYCLED MATERIAL.

With PREMIUM PLUS garbage bags, we significantly reduce the need for new raw materials and promote sustainable production cycles, as they are made from 93% recycled material. As a result, they make an important contribution to the circular economy and simultaneously minimise the use of resources.

• **CERTIFIED CO<sub>2</sub> REDUCTION**  
Lower CO<sub>2</sub> emissions, confirmed by the cyclos-HTP institute

• **MADE IN GERMANY**  
short delivery routes and reliable product availability

• **PRODUCED WITH 100% GREEN ELECTRICITY**  
for more climate protection and fewer emissions

• **MADE FROM 93% RECYCLED MATERIAL**  
conserves valuable resources and supports the circular economy

• **EXTREMELY TEAR- AND PUNCTURE-RESISTANT**  
thanks to our innovative high-tech material

• **EASY OPENER AND FLASH BANDEROLE**  
for efficient and easy handling

• **100% CO<sub>2</sub>-COMPENSATED**  
thanks to the support of Gold Standard climate protection projects

LESS  
CO<sub>2</sub>

THANKS TO HIGH-PERFORMANCE POLYMERS.
