RE:SOURCE – STRONG, RELIABLE AND RESOURCE-SAVING.

With RE:SOURCE, we are once again setting standards for sustainable bin liners and garbage bags. Our products combine reliable quality with genuine environmental responsibility – certified by the Blue Angel Eco Label. This means: lower resource consumption, more recycling and a real benefit for the environment.

With RE:SOURCE, sustainability and quality go hand in hand. Our bin liners and garbage bags not only offer ecological benefits, but also our trusted DEISS quality that you can rely on every day. Strong, reliable and resource-saving – for a sustainable circular economy.

Our range offers the right solution for every need: from 6 to 300 litres and in a variety of colors, including blue, black, white, grey, transparent, yellow, red, green and natural. This ensures that you will find the optimal product for every requirement.

All RE:SOURCE products consist of at least 80% post-consumer recycle and actively contribute to the circular economy. By reusing recycled materials, we conserve valuable resources and reduce the carbon footprint. In this way, we are working together to ensure a more environmentally friendly future – while maintaining the same performance and durability.

RE:SOURCE – sustainable quality that you can rely on.
